

ERWIN D. PADILLA

Senior PHP Full-Stack Developer | Laravel, Drupal, AWS

London, ON | 416-505-3876 | ruizerwin@hotmail.com | www.ruizerwin.com

SUMMARY

Senior PHP Full-Stack Developer with 8+ years of experience designing, developing, and maintaining enterprise web applications in Laravel, Livewire, CodeIgniter, Drupal, PHP 8+, MySQL, SQL Server, JavaScript, Bootstrap, Tailwind CSS, REST APIs, and AWS cloud hosting. Optimizing application performance, integrating third-party services, and delivering scalable solutions in remote environments. Strong problem-solving, debugging, and database design skills with extensive experience supporting business-critical applications.

EXPERIENCE

J&B Importers – PHP / Web Developer – Remote

2007 – 2022

- Developed and maintained large-scale B2B and e-commerce applications serving customers across North America.
- Designed and implemented custom PHP applications, APIs, and database-driven business solutions.
- Integrated SQL Server, MySQL, UPS APIs, payment gateways, and third-party business services.
- Optimized application performance and database queries, significantly reducing response times.
- Managed Linux and Windows hosting environments, deployments, troubleshooting, and production support.
- Collaborated with business stakeholders to translate operational requirements into technical solutions.

Haya Solutions – Web Developer – Remote

2023

- Built and implemented RESTful APIs using CodeIgniter to integrate with third-party services.
- Improved development time by 20% through cleaner architecture and reusable components.
- Developed custom functions to extend features and support client requirements.

Y Partners Inc. – Drupal Developer – Remote

2024 – 2025

- Created, maintained, and optimized Drupal CMS features to improve speed and stability.
- Worked with front-end teams to build modern, mobile-friendly interfaces using Twig and Bootstrap.
- Built custom Drupal modules to support business logic and new system functionality.
- Reduced load time by 30% through optimization and content-structure improvements.

Fanshawe College – [Role] – London, ON

Jan 2026 – Present

- Part-time role while continuing web development work and studies.
- EAPP-0009-01.
